The product's benefits

Installation

- Simply screw the Smoke Alarm to the ceiling for fast and easy installation.

Usage

- The smoke detector that alerts you wherever you are
The Netatmo Smart Smoke Alarm lets you know in real time if it detects smoke in your home. If you're at home, the 85-decibel alarm goes off just like a conventional smoke alarm. If you're away, it instantly sends a notification to your smartphone. Take immediate action, wherever you are

Avantages

- If the Netatmo Smart Smoke Alarm detects smoke, it sets off its 85-decibel alarm and notifies you immediately on your smartphone. Essential when you're away from home!
- The Netatmo Smart Smoke Alarm is equipped with a 10-year* battery -the maximum lifetime for all smoke alarms. You'll never have to change the batteries!
- The Self-Test feature checks if the Smart Smoke Alarm is functioning correctly. If it detects a problem, it sends a notification to your smartphone
